

Environmental Policy

Our Environmental Policy is to provide a responsible video production company that supports approaches to minimise its impact on the environment. We are committed to meeting and exceeding expectations to regulatory and other best practice environmental requirements, to strive for continual improvement in our environmental management system, the prevention of pollution and to minimize the creation of wastes. We will, therefore, manage our processes, our materials, and our people in order to reduce the environmental impact associated with our work.

Our Environmental Policy provides the framework for setting and reviewing environmental objectives and targets. Our Environmental Policy is documented, implemented, maintained and communicated to all employees.

Shark Biscuit commits itself to implement and operate to the highest environmental standards to further enhance environmental performance with the following core objectives and commitments in place to:

Remove, reduce, reuse and recycle input materials, generated waste and packaging

Improve the efficiency of energy usage

Reduce the environmental impact of the overall business

This policy will be communicated to all parties interested in the performance of our environmental management system, including our employees, neighbours, the general public and any other individuals seeking information on our EMS approach.

A handwritten signature in black ink, appearing to read "The Office".
